Town Tips

- Virginia City is an alpine town (6100' with very little oxygen). It's very STEEP in all directions. Plan accordingly. Geiger Grade & Six Mile Canyon are very steep roadways into VC. The Truck Route from Moundhouse is your easiest trek if you are hauling a trailer.
- Riding offroad vehicles (dirtbikes/SXS's) on paved roadways are done so at your own risk. As a general rule, the town is aware of what our event brings so be courteous and minimize your time on pavement. Except for the race start, **DO NOT RIDE** offroad vehicles down the Main "C" Street. It is a state route and you're subject to being ticketed. **ALWAYS wear helmets when riding!**
