

# 2024 Rider Info Sheet

- ✓ Visit [www.vcgp.com](http://www.vcgp.com) or Social Media pages for copies of **Town & Race Event Maps** to assist with navigation and race processes.
- ✓ Allow time to Register/Check-in. **ALL racers MUST check-in** to activate their scoring transponder, sign their waiver and pickup their racer packet (pit passes and bike # stickers). MotoTally Transponders are mounted on helmets at time of check-in. **Bring your helmet!!**
- ✓ Pay attention to your start row and plan to get your **bike loaded on Main "C" Street** with ample time to start your race at 10am each day. Bikes must load as directed in the Race Map.
- ✓ All bikes must have their **Tech Inspection** sticker to start the race. **Spark arresters are required.** Get checked-in then bring your bike and helmet to Tech. *See Race Map for location.*
- ✓ Racers must race the entire 4 or 3-hour race ("take checkers") to receive **finisher pin.** Experienced racers bring a watch or timer to know where they're at in their race time elapsed prior to returning to the scoring lane. It takes ~20 min to get bikes off the start line each day.
- ✓ Each racer is given **TWO** pit-passes for their support crews. Pit-pass required for Pit entry. Pit crew must sign liability waiver. Pit-passes are not available for sale. **NO EXCEPTIONS.**

***Racers are responsible for their Pit crews. Violation of posted pit rules will result in an immediate disqualification and end of their rider's race day.***

*Most importantly, have **FUN**, stay **SAFE**, and **be RESPECTFUL** to our town and each other to ensure this race continues for years to come!*

# Virginia City Grand Prix

## 2024 Town Map for Race Weekend

Virginia City, NV

### Pit-Bike Barrel Racing

- Will start at the Fairgrounds at 1pm and end at 6pm.
- \$20 entry and each racer will get two runs on the barrels (Match Scoring).
- Motorcycles will be provided. Bring your own helmet, goggles, gloves, etc.

### Camping

**NO STREET CAMPING!!** This will be enforced every year. Please utilize the fairgrounds camping area or one of the established RV areas like the RV Park. Do not camp without permission in non-designated camp area(s).

### Town Tips

- Virginia City is an alpine town (6100' with very little oxygen). It's very STEEP in all directions. Plan accordingly. Geiger Grade & Six Mile Canyon are very steep roadways into VC. The Truck Route from Moundhouse is your easiest trek if you are hauling a trailer.
- Riding offroad vehicles (dirtbikes/SXS's) on paved roadways are done so at your own risk. As a general rule, the town is aware of what our event brings so be courteous and minimize your time on pavement. Except for the race start, **DO NOT RIDE** offroad vehicles down the Main "C" Street. It is a state route and you're subject to being ticketed. **ALWAYS wear helmets when riding!**
