

2025 Rider Info Sheet

- ✓ Visit www.vcgp.com or Social Media pages for copies of **Town & Race Event Maps** to assist with navigation and race processes.
- ✓ Allow time to Register/Check-in. **ALL racers MUST check-in** to activate their scoring transponder, sign their waiver and pickup their racer packet (pit passes and bike # stickers). MotoTally Transponders are mounted on helmets at time of check-in. **Bring your helmet!!**
- ✓ Pay attention to your start row and plan to get your **bike loaded on Main "C" Street** with ample time to **start your race at 10am each day**. Bikes must load as directed in the Race Map.
- ✓ All bikes must have their **Tech Inspection** sticker to start the race. **Spark arresters are required**. Get checked-in then bring your bike and helmet to Tech. *See Race Map for location.*
- ✓ Racers must race the entire 4 or 3-hour race ("take checkers") to receive **finisher pin**. Experienced racers bring a watch or timer to know where they're at in their race time elapsed prior to returning to the scoring lane. It takes ~20 min to get bikes off the start line each day.
- ✓ Each racer is given **TWO** pit-passes for their support crews. Pit-pass required for Pit entry. Pit crew must sign liability waiver. Pit-passes are not available for sale. **NO EXCEPTIONS.**

Racers are responsible for their Pit crews. Violation of posted pit rules will result in an immediate disqualification and end of their rider's race day.

*Most importantly, have **FUN**, stay **SAFE**, and **be RESPECTFUL** to our town and each other to ensure this race continues for years to come!*

Virginia City Grand Prix

2025 Town Map for Race Weekend

Virginia City, NV

Moto Mouth Mini GP

- Will start at the Fairgrounds at 2pm and end at 6pm.
- See vcgp.com for race details and durations.
- All racers need to check-in and attend the pre-race Rider's meeting.

Camping

NO STREET CAMPING!! This will be enforced every year. Please utilize the fairgrounds camping area or one of the established RV areas like the RV Park. Do not camp without permission in non-designated camp area(s).

Town Tips

- Virginia City is an alpine town (6100' with very little oxygen). It's very STEEP in all directions. Plan accordingly. Geiger Grade & Six Mile Canyon are very steep roadways into VC. The Truck Route from Moundhouse is your easiest trek if you are hauling a trailer.
- Riding offroad vehicles (dirtbikes/SXS's) on paved roadways are done so at your own risk. As a general rule, the town is aware of what our event brings so be courteous and minimize your time on pavement. Except for the race start, **DO NOT RIDE** offroad vehicles down the Main "C" Street. It is a state route and you're subject to being ticketed. **ALWAYS wear helmets when riding!**
